PROFESSIONAL SUMMARY

Software Engineer with 2+ years of experience in designing and developing scalable web applications using Python, Django REST Framework, JavaScript, Angular, React.js, and Node.js. Experienced in building enterprise applications, REST APIs, ERP customizations, and responsive user interfaces across warehouse, sales, travel, and business operations domains. Skilled in problem-solving, application modernization, API integration, and delivering reliable, high-quality software solutions in Agile environments.

EXPERIENCE

Software Engineer Jul 2025 - Present

TechPearl Software Pvt. Ltd., Bengaluru, India

- Developed and enhanced enterprise web applications for **BizOps**, **Sales**, and **Warehouse Management**, streamlining inventory, shipments, products, orders and operational workflows.
- Built responsive user interfaces, integrated REST APIs, implemented barcode label generation, document numbering, and product, shipments management modules to improve business operations.
- Successfully upgraded the window swap application from **Angular 11** to **Angular 16**, resolving dependency compatibility issues, modernizing the codebase, and ensuring seamless application functionality.

Web Developer Nov 2024 - Jul 2025

SDL Globe Technologies, Bengaluru, India

- Contributed to the **Seemytrip** travel booking platform by developing responsive user interfaces and integrating train and hotel booking functionalities.
- Developed backend services, optimized application performance, and implemented secure authentication for user sessions.
- Collaborated with cross-functional teams to integrate REST APIs, perform API testing, and manage application data efficiently.
- Deployed and maintained the application on cloud infrastructure, ensuring secure and reliable access.

Trainee Software Engineer Aug 2024 - Oct 2024

AllReach Technologies, Bengaluru, India

- Contributed to the **AllVeg project**, an online grocery platform focused on customer service.
- Designed responsive webpages and forms using React.js, Implemented state management and form validation using YUP and Material UI for better UX.
- Improved user experience by 40% through responsive UI design and better mobile compatibility.
- Integrated back-end APIs using Django REST framework, Utilized MySQL for structured data storage.

Associate Software Engineer Intern Apr 2024 - Jul 2024

NewJaisa Technologies Pvt. Ltd., Bengaluru, India

- Automated the setup of Assets Warehouse and Work Warehouse along with user account creation for new employees, reducing onboarding time by 40%.
- Generated item codes for laptops and their parts based on the details provided by the dongle and implemented access controls to address non-compliance issues, improving project efficiency by 30%.

SKILLS

Languages	Python, JavaScript, SQL, HTML, CSS.
Frameworks	Django, Django REST Framework, Angular, Ionic, React.js, Node.js, Express.js, ERPNext.
Databases	MySQL, PostgreSQL.
Version Control	Git, GitHub, Bitbucket.
Cloud & Deployment	AWS EC2, Vercel, Render.
Tools	Postman, NGROK, Linux, VS Code.
Core Concepts	REST APIs, OOP, MVT, CRUD, ORM, Data Structures, Exception Handling.

PROJECTS

Hotstar Clone Web Application [🔗 Hotstar](#) [🔗 Project Code](#)

- Built front-end UI and back-end using **Python, Django Framework, HTML5, CSS3, and SQLite3**.
- Enabled user authentication process using the auth library.
- The application was deployed in PythonAnywhere, ensuring scalability and reliability.

Weather API Application [🔗 Weather App](#) [🔗 Project Code](#)

- Created an interface to get weather details with search history and delete options.
- Developed using **Django REST Framework, HTML, and CSS**.

LPG Gas Leakage Detection System [🔗 Project Code](#)

- Implemented LPG gas leakage detection and automatic booking system using IoT.
- Prevents gas leak accidents by generating beep sounds if leakage is detected using the MQ sensor attached to the Arduino controller.

EDUCATION

Bachelor of Technology, Computer Science Engineering 2020 - 2023
Sai Rajeswari Institute of Technology, Proddatur, Andhra Pradesh - **7.47 CGPA**

Diploma, Computer Engineering 2017 - 2020
Govt. Polytechnic College, Proddatur, Andhra Pradesh - **82.40%**

SSC 2016 - 2017
Vasanthapeta Municipal High School, Proddatur, Andhra Pradesh - **9.0 GPA**

CERTIFICATIONS

- Python Full Stack Development, Jspiders (2023 - 2024)
- Cisco Certified Network Associate (CCNA)
- AWS Beginner Certification, Edureka
